## WELCOME TO THE TRACTOR BARN @ STONE SIDING EVENTS

Thank you for taking the time to read our brochure and we hope you find it full of the information you require, if you have any questions unanswered please do contact me

A little bit about us...

The Tractor Barn is not your average wedding & events venue. It is a wonderful space surrounded by the beautiful Northamptonshire countryside. Our versatile barn can host events from 60 to 250 seated guests in the day and upto 475 guests in the evening.

We love personalised celebrant-led weddings, however, we are licensed by West Northants Council to hold both marriage and civil ceremonies with a choice of using the inside of the barn or the lawn area outside.

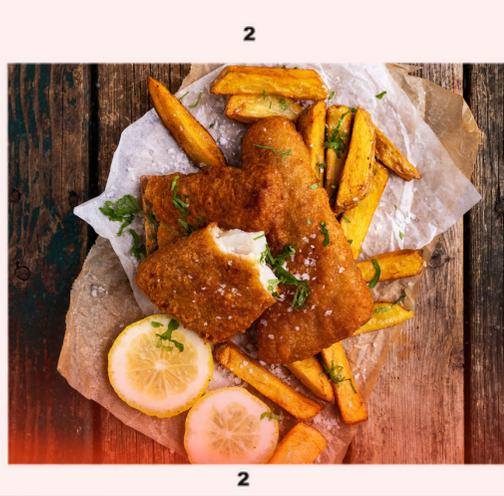

We are a family-run venue with fantastic staff on a working farm and we pride ourselves on attention to detail and a personal touch. We only host one event a week so that our lovely clients and families have a fun and relaxed party or event that suits exactly what they want. We can help you to organise as little or as much as you want.

Despite its rural location, The Tractor Barn has fantastic transport links to the rest of the country, being conveniently placed and close to the M1, M6, A14 and A5.

We also spend time getting to know our clients and many become family friends.

I'd love to hear from you,

*Linsey x*

## CATERING @ THE TRACTOR BARN

No one wants to be told what menu they can have, or be given set menu prices. We allow you the freedom to choose your own caterers (subject to food safety rules).

We have had everything from hog roasts to sharing platters, fish and chip vans to traditional Asian cuisine and buffets to three course menus . The list of caterers and style of food is endless.

As we don't have a kitchen on site, our advice is to check with your caterer whether they can provide "outside catering"

Don't know where to start? Don't worry! We can support you to find a caterer that suits you.

Here at Stone Siding Events we believe everyone should have a ceremony that suits them! All of the ceremonies here have been unique. Many of our couples choose a celebrant to host their ceremony but we have also had friends and family members take part too! We are also **licensed** by West Northants Council to hold both marriage and civil ceremonies so you have added choice.

Of course, you don't have to have a ceremony here!

You may choose to get married abroad and have a wedding party on your return, or you may have chosen to get married in a religious service and host your reception here. The choice is completely yours.
